What We Do

Full Service Furnishing

Whether you are updating or moving your business, the process doesn't have to be daunting. Our full service furnishing solution includes responsibly decommissioning old office furniture, providing new floor plans and fast, efficient installation. Designed to make a bold first impression, furniture we offer will hold up to years of full-time use and improve daily workflow.

Green Decommissioning

Each year we responsibly remove several hundred tons of sound unwanted office furniture from homes and businesses where it would otherwise be sent to the landfill.

Business Interiors

Creating bold and inspiring office interiors is one of our specialties. Our designers can provide CAD layouts and 3D models of floor plans that will make a stunning first impression on clients and staff members.

Quality & Affordability

Office furniture we sell includes 2-5 year warranties and is guaranteed to hold up to the daily grind of full time staff. These lines are suited to meet most budgets and offer size customization and storage options to meet your needs.

Used & New Furniture

Our office consists of 3 showrooms, one featuring a working office space with new furniture that we not only use, but sell. The second consists of mostly new office furniture and lastly we have a warehouse full of used discount furniture that can be purchased for those occasions where function prevails over form.

Environmentally Friendly

Remanufactured Workstations

Create a beautiful environmentally friendly space with high quality remanufactured commercial workstations that are made primarily with repurposed parts, recycled fabrics and recycled plastics.

Modern Workstations

Contemporary style and practical design, these modular desking systems have vast configuration possibilities. Choose from 125 fabric selections, 27 available laminates, frosted or clear acrylic frame inserts and divider panels.

Laminate Furniture

Executive Desks

Configured with the size, finish and storage solutions that you require. We can help you create the perfect desk set to meet the needs of your space. This desking solution is perfect for attorneys, accountants and upper level management who require a large amount of space for paperwork and room to meet with clients or staff.

Available Finishes

-  White
-  Tiger Stripe
-  Cherry
-  Dark Walnut
-  Modern Walnut
-  Honey
-  Maple
-  Mahogany

Workstations

Custom workstations can provide you with the perfect balance of form and function. The options are almost limitless as you can choose the dimensions of your desk, storage requirements, finishes, accent pieces and even add motorized sit-stand electronic desktops.

Made from high-end commercial grade laminate that resists scratching and wear. These desks will hold up to years of use without having to worry about defects. A 5 year limited warranty is included with the purchase of all new desk sets.

Ergonomics

Sit-Stand Height Adjustable Desks

Height adjustable desks are the perfect solution for anyone who works long hours at a desk. Studies show that sitting all day at a desk can have negative implications to your health. The tendency for the body to want to stand after sitting for long periods of time or vice-versa is natural and does not need to be ignored. Incorporating a height adjustable workspace is the best solution to this problem.

One of the biggest benefits to using a height adjustable workstation is the ability to accomplish more throughout the course of a day.

The desk can be custom programmed with up to 4 presets allowing you to switch from sitting to standing with a press of a button.

Seamless Integration

Incorporating a height adjustable desk into an executive U-shaped desk or L-shaped desk can be done seamlessly with perfectly matching laminate finishes. This can include using the sit-stand as a return or bridge. Silver and black legs are available.

Monitor Mounts

These mounts will help to insure correct posture while working and keep you from looking too far up or down. Additionally by lifting your monitors up and off your desk you gain additional workspace by freeing the space that a standard monitor stand takes up.

The mounts may look expensive but they are one of the most affordable and practical upgrades to a workstation that you can make. Put your monitors at exactly the height that is comfortable for you and reduce strain on your neck.

Dual and single mounts are available in black and silver. These can be installed onto any height adjustable workstation or desk and can be attached to the edge of your desktop or through an existing or custom drilled grommet.

Cubicles

SpaceMax Cubicles

SpaceMax Cubicles are a series of lightweight cubicle wall panels and desking surfaces that can be ordered to meet the needs of your space. There are numerous configuration options including custom desktop sizes, wall lengths and heights, various storage solutions and the ability to add reception style transaction counters where needed.

Hybrid Cubicle Workstations

The SpaceMax Series cubicle wall panels can be integrated with the laminate desking that we offer. This can create an attractive and affordable way to create sound barriers and private workspaces for staff to work in.

Modernize

Create an elegant and modern workspace with 125 fabric options and 27 laminates to choose from. Our designers can help create a floor plan that will make the most out of your space.

Storage Solutions

Laminate Bookcases & Lateral Storage

Bookcases and storage cabinets can be ordered in 6 different finishes and are made of high quality commercial grade laminate that will resist scratching and wear and tear that consumer grade products may show quickly. When purchased with a desk or other furniture components, the finishes will be an exact match.

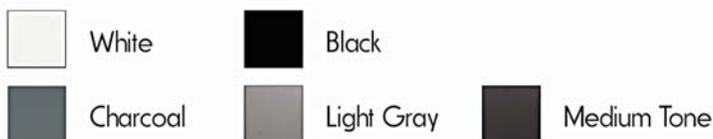

Storage Cabinets

Storage Cabinets can be ordered in a number of different sizes including standard 2, 3 and 5 shelf options. Personal storage towers are also available which have coat hangers and more than enough room for personal belongings. Optional glass doors can replace laminate doors.

Metal Cabinets

Lateral metal cabinets can be ordered in Black, Charcoal and Light Gray while pedestal drawer cabinets are available in Black, Charcoal, Medium Tone and White. Wheels can be added to the smaller pedestal drawers.

Reception Furniture

Reception Desks

Numerous color combinations are available for reception desks. These include White, Dark Walnut, Espresso, Mahogany, Cherry, Honey, and Modern Walnut. The size and storage capacity of your desk can be customized to suit the needs of your receptionist. Multiple reception desks can be lined up together to make room for multiple receptionists.

Reception Sofa Sets

Reception sofa sets can be purchased with matching reception desks, coffee tables, and side tables. Tables come in Espresso, Modern Walnut, Cherry and Mahogany finishes. A variety of commercial grade sofas and tables are available.

Coffee & Side Tables

Matching coffee and side tables are made with high end laminate that is visually appealing and naturally resists scratching and wear. Common finishes include espresso, modern walnut, mahogany, and cherry. Bases are constructed out of metal, solid wood or veneer.

Conference Rooms

Conference Tables

Conference tables come in a number of different shapes including Racetrack, Boat Shaped, Square, Rectangular, U Shaped and more. Some tables come pre-cut in the shape you need, other shapes can be created by linking multiple tables to create one large workspace. Attractive chairs can be put around your table to make a great place for meetings.

Create the perfect meeting space by selecting a conference table and set of chairs that will look perfect in your space. Many size and finish options are available and matching storage can help to create an appealing environment.

Conference Room Chairs

The right set of conference room chairs can make or break the look of your boardroom. Modern chairs with wheels are most common and having a full matching set goes a long way to make the room inviting.

Conference Table Power

Adding power, data ports, networking ports, HDMI video ports and USB power to a conference table doesn't have to be complicated. In some cases, all you need to do is set the module into existing pre-cut grommets in the table.

Tables

Training Tables

Training tables can be used in places where temporary seating is required, they are easy to move and can be placed where ever you need them without hassle. Some tables may have fixed base legs where others have flip tops and wheels so they can be easily stored. Numerous table top finishes are available and legs are generally black or silver.

Meeting Tables

Numerous options for breakroom, meeting, guest and dining tables are available where you can select the size of the table top, finish and base to match your room. Table tops are made of high quality melamine laminate which offers unparalleled durability and beauty.

Customize Your Table

Choose from numerous table tops and table bases. Available tops range from 30-48 inches across and table bases come in a number of different styles including metal cross, metal round, laminate cross and various 3 leg options. Available finishes include Mahogany, Cherry, Honey, Espresso, Modern Walnut, Dark Walnut and White.

Office Chairs

Rolling Office Chairs

Over 250 different upholstery color options, chairs are backed by a manufacturer's warranty.

Executive Office Chairs

Guest & Waiting Room Chairs

Stacking Chairs
